

CURRICULUM VITAE
April 2005

I. PERSONAL DATA

Name: Lynn Kennard Pershing
Birthdate: 5-17-53
Birthplace: Aberdeen, South Dakota
Citizenship: U.S.A.
Ethnicity W

II. EDUCATION

1975, B.S., Medical Technology, University of Wyoming, Laramie, Wyoming
1983, Ph.D., Biochemical Pharmacology and Toxicology, University of Utah, Salt Lake City, Utah

III. PROFESSIONAL EXPERIENCE

A. Full-time Positions

1975 - 1977 Medical Technologist MT (ASCP) Clinical Chemistry and Toxicology Tucson Medical Center, Tucson, Arizona
1977 - 1978 Medical Technologists MT (ASCP) Clinical Toxicology, Holy Cross Hospital, Salt Lake City, Utah
1985 - 1987 Research Instructor, Division of Dermatology, Department of Internal Medicine, University of Utah School of Medicine, Salt Lake City, UT
1987 - 1992 Research Assistant Professor, Division of Dermatology, as above.
1992 -1996 Research Associate Professor, Division of Dermatology, as above.
1996 - 2001 Research Associate Professor, Department of Dermatology, University of Utah School of Medicine, Salt Lake City, UT
2001- current Research Professor, Department of Dermatology, University of Utah School of Medicine, Salt Lake City, UT.

B. Editorial Experience

Archives of Dermatology, reviewer
Journal of Pharmaceutical Science, reviewer
Journal of Investigative Dermatology, reviewer
Pharmaceutical Research, reviewer
International Journal of Pharmaceutics, reviewer
European Journal of Pharmaceutical Sciences, reviewer

IV. BIBLIOGRAPHY

A. PEER-REVIEWED PUBLICATIONS

1. Pershing, L.K., and Johanson, C.E. Acidosis-induced enhanced activity of the Na-K exchange pump in the in vivo choroid plexus: An ontogenetic analysis of possible role of cerebrospinal fluid pH homeostasis. J Neurochem 38:322-332, 1982.

2. Smith, Q.R., Pershing, L.K., and Johanson, C.E. A comparative analysis of extracellular fluid volume of several tissues as determined by six different markers. *Life Sciences* 29:449-456, 1981.
3. Russo, J. Jr., Russo, M.E., Smith, R.A., and Pershing, L.K. Assessment of quinidine gluconate for nonlinear kinetics following chronic dosing. *J Clin Pharmacol* 22:264-270, 1982.
4. Pershing, L.K., Peat, M.A., and Finkle, B.S. A high performance liquid chromatographic method for the quantitation of quinidine and its metabolites in plasma: An application to a quinidine-phenytoin drug interaction study. *J Anal Tox* 6:153-156, 1982.
5. Pershing, L.K., and Franklin, M.R. Cytochrome P-450 metabolic-intermediate complex formation and induction by macrolide antibiotics: A new class of agents. *Xenobiotica* 12:687-699, 1982.
6. Krueger, G.G., Wojciechowski, Z.J., Burton, S.A., Gilhar, A., Huether SE, Leonard LG, Rohr UD, Petelenz TJ, Higuchi WI, Pershing LK: The development of a rat/human skin flap served by a defined and accessible vasculature on a congenitally athymic (nude) rat. *Fundamental & Applied Toxicology* 5:S112-S121, 1985.
7. Wojciechowski, Z.J., Pershing, L.K., Huether, S.E., Leonard L.G., Burton, D.A., Higuchi, W.I., Krueger, G. G. An experimental skin sandwich flap on an independent vascular supply for the study of percutaneous absorption. *J Invest Dermatol* 88:439-446, 1987.
8. Pershing, L.K., Huether, S., Conklin, R.L., Krueger, G. Cutaneous blood flow and percutaneous absorption: A quantitative analysis using a laser Doppler velocimeter and blood flow computer. *J Invest Dermatol* 92:355-359, 1989.
9. Fenjves, E.S., Gordon, D.A., Pershing, L.K., Williams, D.L., Taichman, L.B. Systemic distribution of apolipoprotein A secreted by grafts of epidermal keratinocytes: Implications for epidermal function and gene therapy. *Proc Natl Acad Sci USA* 86: 8803-8807, 1989.
10. Pershing, L.K., Lambert, L.D., Knutson, K. Mechanism of ethanol-enhanced estradiol permeation across human skin in vivo. *Pharmaceut Res* 7(2):172-177, 1990.
